GW 28/3 13. Are there not some Sub Asst Surgeons than are not necessary attached to the Victoria Hospital and other large Hospitals at Mysore. If this is so the existing number by slight rearrangement may be made to furnish the requisite staff. As new hospitals have been opened in the Malnad in the near future and more men will be wanted it would be desirable to take stock on requirements and proceed on a regular plan instead of passing orders on isolated cases for increase. It will therefore be useful information whether the staff in Central Districts which includes the Victoria Hospital, Ex Hospital Mysore & other places where Europeans Sub Asst Surgeons are now working would be capable [illegible] can in first be necessary & may be planned

18. The Senior Surgeon wants that the medical staff of the Minto Ophthalmic Hospital should be permanently strengthened by the appointment of an additional Sub Assistant Surgeon, and ~~suggests~~ requests sanction to increase the cadre of Sub Assistant Surgeons by one. The Financial Secretary apparently says on the other hand, that this work may be attended to by the passed medical pupils who would be available next year.

19 There are two points to be noticed in this connection.-

(i) The Financial Secretary's suggestion does not meet the demands of the Minto Ophthalmic Hospital during the year;

(ii) Passed Medical pupils will be absorbed when vacancies occur among the sanctioned scale of Sub Assistant Surgeons and the permanent needs of an important institution cannot be left to be attended to by a class of servants of an admittedly temporary cadre and of varying strength.

The sanctioned strength of Sub Assistant Surgeons for the Minto Ophthalmic Hospital, Bangalore, provides for only two officers of that grade. The Senior Surgeon recommends that the medical staff of the Hospital should be permanently strengthened by the appointment of an additional Sub Assistant Surgeon and requests sanction to the addition.

Sir,

In forwarding herewith a copy of letter No.520 dated 23-12-13, from the Superintendent, Minto Ophthalmic Hospital, I have the honor to state that it is really hard to do justice to the work demanded of the Institution with an average of 65 to 70 inpatients and 180 to 200 out-patients, and only 2 Sub Assistant Surgeons on the staff.

2. As the existing number of Sub Assistant Surgeons is barely enough for the several charges constituted as at present, I request that Government may be moved to increase the number by one.

3. Early orders are solicited, on the receipt of which the necessary proposition statement will be submitted to meet the extra cost during the current year.

I have the honor to request that you will be so good as to post another Sub Assistant Surgeon to help me in the discharge of my duties. The Laboratory has been fitted up, but for want of time and a helping hand, it is left unused.

A young, intelligent Sub Assistant Surgeon may kindly be posted and the Government may be addressed to increase the cadre of Sub Assistant Surgeon by one of this Hospital.

In reply to your letter No.7935 - Med: 28-13-9, dated 18th February 1914, I have the honor to state that the proposal made in this office letter No.262 dated 31st December 1913 was for the increase in the number of Sub Assistant Surgeons in the Service by one, the existing number being barely sufficient for the several sub charges constituted as at present.

2. There is only one temporary vacancy in the grade at present caused by the transfer of a Sub Assistant Surgeon for work in the Public Works Dispensary at Sivasamudram, which was sanctioned in Government Order No.6708-9 Med:99013-2, dated, 7th January 1914.
